- linkedin.com/in/krystianpinczak/

SKILLS

- PHP, Yii2
- Python
- SQL, PostgreSQL, MariaDB
- HTML, CSS, JavaScript
- Git, JIRA, Linux

SOFT SKILLS

- Attention to detail.
- Effective communication.
- Ease of making contacts.
- Ability to quickly grasp new concepts.
- Perseverance, patience, and determination.

PROFILE

- I am an IT technician by education, specializing in general programming. As a contributor, I always strive to give my best in any situation. I currently reside and study in Poznań. My passion lies in web and application development, data science, and utilizing various tools to bring innovative ideas to life. I have an IP121 and a Gallup report, with my top five strengths being: 1. Harmony, 2. Responsibility, 3. Command, 4. Individualization, and 5. Connectedness.

EXPERIENCE

JUNIOR BACKEND DEVELOPER IN BIG DATA
MH Sp. z o.o. | 06.2023 – Present

- Creating software components in the Yii2 framework.
- Querying large datasets using technologies such as MongoDB, Elasticsearch, Neo4j, and PostgreSQL.
- Planning, developing, and conducting advanced tests.
- Implementing Proof of Concept (PoC) solutions in Python and PHP.
- Supporting the technical department in its development efforts.

PROJECTS

FULL-STACK-BANK
PHP, MariaDB, HTML, CSS, JavaScript, Bootstrap 5

- A web-based banking system that allows users to perform various banking operations. It provides features such as account management, fund transfers, transaction history, and user administration.

FILE-ARRANGER
Python, logging, tqdm, argparse

- An organizational tool designed to simplify your digital life by categorizing and tidying up files in a specified directory based on their file extensions. It offers an automated method for moving files into designated folders, assisting you in maintaining a clean and organized file system. It also supports a '--dry-run' functionality with logging.

LANGUAGES

- Polish – native
- English – B2+ (upp.–Intermed.)
- German – A2 (beginner)
- Japanese – A1 (beginner)

HOBBIES

- I have a passion for learning new things, whether it's programming languages, technical innovations, or foreign languages. Additionally, I enjoy tabletop role-playing and strategy games.

EDUCATION

INFORMATION TECHNOLOGY
Collegium Da Vinci | 10.2021 – Present

- level of education: engineer

INFORMATION TECHNOLOGY AND MATHEMATICS
Technikum nr 19 im. Marszałka Józefa Piłsudskiego | 09.2017 – 04.2021

- Qualifications in the profession of IT technician 351203
- Cisco CCNA Routing and switching qualification
